SECURITY STARTS
AT THE FRONT DOOR
WI-FI VIDEO DOORBELL

Hikvision's Wi-Fi Doorbell brings the most convenient and robust security home.

This Internet-connected security device is more than just a doorbell – it provides protection for children, family, and pets, 24/7. Users can communicate with visitors, check for deliveries, and establish safety around their home with Hikvision's Doorbell solution. With its subtle, contemporary design and customizable appearance, this device will be pleasing to the eye while providing a constant view of one's immediate surroundings.

www.hikvision.com

THE HIK-CONNECT MOBILE APP CONNECTS USERS TO THEIR FRONT DOOR ANYWHERE, ANYTIME.

Download the free mobile app, set a new password, and provide customers with sharp optics in seconds. Users will gain the confidence that their home is safe and secure. What's more, the app features customizable automatic alerts as well as two-way remote communication. Users can welcome guests and prevent crimes from their smartphone or other device. Compatible with IOS and Android.

CUSTOMIZABLE FACEPLATES

CUSTOMIZABLE FACEPLATES HARMONIZE VISUALLY WITH ANY HOME.

The look and feel of exterior devices can be the final determining factor for the user. That's why Hikvision offers four attractive options. Users can choose from plain black, jet black, silver, or white. When the installation is complete, the appearance will be as pleasing as the performance.

Silver Jet Black White Black

THE DOORBELL INSTALLS NEATLY WITH ITS ULTRA-SLIM HOUSING.

This is no strange or awkward-looking device. The slim housing on this Wi-Fi doorbell unit is sleek and subtle, and blends nicely with any décor or home design. Installation is simple, as well – no need to run new wires or fancy cables. Just use the power cables common to any electric doorbell for a simple setup. Keep costs low and labor quick.

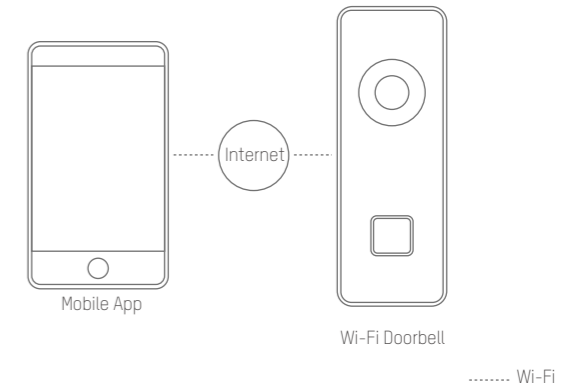

A FISH-EYE LENS WIDENS THE FIELD OF VIEW.

With an amazing 180-degree horizontal viewing angle, and up to 96-degree vertical viewing angle, you will be happily surprised with the view. Users easily see who is at the door, check for delivered packages, and enjoy that peace of mind that comes with visual power. A single fish-eye lens does the work of several cameras at once in a discreet, intelligent, and compact design.

COMMON APPLICATIONS

The advanced technology Wi-Fi Doorbell System from Hikvision is easy to install and set up. Use the main electrical wiring common to electrically powered doorbells to power the Wi-Fi Doorbell. The mobile app from Hikvision is free to download and available for both Mac IOS and Android devices. The system gets up and running in almost no time at all!

SPECIFICATIONS

Model	DS-KB6403-WIP	
System parameters	Processor	High-Performance Embedded SOC Processor
	Operation system	Embedded Linux Operation System
Camera parameters	Image sensor	CMOS 2MP HD Colorful Camera
	Light sensitivity	Low Illumination
	Lens	f1.96 mm, F 2.2
	Field of view	180° (Horizontal), 96° (Vertical)
Video parameters	Video compression standard	H.264
	Video streaming	Dual Stream Main Stream: 1080P, Sub-Stream: VGA
	Anti-flicker frequency	50 Hz, 60 Hz
	Wide dynamic range	WDR
Audio parameters	Audio streaming	Two-Way, Full Duplex
	Audio input	Built-in Omnidirectional Microphone
	Audio output	Built-in Loudspeaker
	Audio compression standard	G.711 U
	Audio compression rate	64 Kbps
	Audio quality	Noise Suppression and Echo Cancellation
Light supplement	Light supplement mode	IR Supplement, IR Distance: 5 Meters
	Wavelength	940 nm
Network parameters	Network protocol	TCP/IP, RTSP
	Network interface	1 Wireless Interface (Wireless Network Card), Supporting 2.4 GHz
Event	Motion Detection	Supported
Alarm	Motion Detection Alarm	Supported
Device interfaces	TF card	Max. 128 G
	Button	1 Call Button, 1 Reset Button
General	Ingress protection level	IP 54
	Power supply	12VDC
	Working temperature	-30° C to +50° C (-22° F to 122° F)10% to 90%
	Working humidity	10% to 90%
	Dimensions	122.4 mm x 45.9 mm x 28.1 mm (4.82" x 1.81" x 1.11")
