

NP-SMH003**Handheld Metal Detector**

The NP-SMH003 handheld metal detector is lightweight and agile, and can be used to detect metals on individuals. It is suitable for places with large crowds that require security checks, such as public security and government offices, transportation hubs, business parks, office buildings, schools, hospitals, cultural and scenic areas, and large security events.

**Key Features**

- ★ Metal Detection: High sensitivity, detecting accuracy up to 0.3 grams of metal, and detecting distance up to 2cm or more.
- ★ Sensitivity Adjustment: Sensitivity can be adjusted to high, medium, or low levels.
- ★ Alarm Modes: Three alarm modes available, including vibration, ringing, and silent mode.
- ★ Power Supply: Powered by 2 AA batteries.
- ★ Low Battery Alarm: Continuous alarm sound when the battery is running low.

Metal Detection Features:

- **Detecting Accuracy:** Detecting accuracy up to 0.3 grams of metal, and detecting distance up to 2cm or more.
- **Sensitivity Adjustment:** Sensitivity can be adjusted according to needs.
- **Alarm Modes:** Three alarm modes available, including vibration, ringing, and silent mode, to meet the needs of different scenarios.
- **Power Supply:** Powered by 2 AA batteries, easy to power up without charging. Continuous alarm sound when the battery is running low.
- **Housing Material:** The exterior is made of ABS, which is beautiful and lightweight, and can withstand a free fall of 1.5 meters without damage.
- **Safety Protection:** Compliant with international safety standards and harmless to pacemaker wearers, pregnant women, magnetic media, etc.

Specifications

Model	NP-SMH003
System Parameters	
Power supply	2 AA batteries
Working Temperature and Humidity:	-20℃—60℃, ≤95%, humidity, no condensation
Protection Level:	IP31
Weight	390g (including battery)
Size	L360mm*W80mm*H41mm
